EXPERIENCE

NHS

Volunteer

Watford, UK

Jan 2019 – March 2021

I signed up to volunteer at the NHS to further understand the process of patient treatment. I had the delightful opportunity to address diverse audiences in hospital wards and deliver complex drug charts from wards to laboratories for five months. This experience gave me an idea about a doctor's role in a hospital. During this tough pandemic, I helped the NHS staff by comforting the older patients in my ward by making numerous facetime calls to their loved ones.

Studio Dentistico del Dr. Daniela Martini

Shadowing Italian Doctor

Padua, Italy

Aug 2019 – Aug 2019

During my 2019 summer holiday, I travelled to Italy where I had the chance to gain work experience at a medical-dental office. Working together with the Italian doctor, I had gained useful information about how they treat patients differently as opposed to the hospitals in which I had volunteered prior to in the UK.

Practical Training at Sri Lankan Hospital

Series of Surgical practical courses

Kaduwela, Sri Lanka

Jul 2018 – Jul 2018

I travelled to Sri Lanka to complete a series of practical training courses which included: patient's care, nursing practice, medical training in the in-patient department, and medical training in the out-patient department after I completed my GCSEs. This experience gave me another chance to develop core skills such as first aid, leadership and, communication.

Customer Service Assistant

NSL Group- Pharmaceutical Company

London, UK

Jun 2017 – Jun 2017

I started shadowing at an importer and wholesale pharmaceutical company called NSL group. During my time at the online pharmacy, I worked with sales and purchase managers gaining experience in communicating with customers, suppliers, and also face business operations and administrative tasks.

RAF Air Cadets

Royal Air Force (RAF)

Bushey, UK

Jul 2015 – Jan 2017

I've had massive opportunities such as flying aircraft with retired pilots and had gone to weapon handling tests. I have developed skills such as first aid, leadership, and communication during the time that I was a cadet. I think all these skills would be very useful in working environments.
